BIOGRAPHY (Max 300 words)

Toan Luu Duc Huynh is a lecturer in Banking and Finance at University of Economics Ho Chi Minh City (Vietnam). He obtains the double Master degrees at University of Nantes (France) and Toulouse School of Economics, Université Toulouse 1 Capitole (France). Toan is expected to obtain his doctoral degree at WHU – Otto Beisheim School of Management (Germany) in 2021. His research interests are three main pillars:

- Behavioral economics with a focus on answering these following questions: (i) why do people fail to do the right thing, especially telling a truth? (ii) What leads to fraudulent, corrupt, and dishonest behaviors? (iii) Do the different cultures shape the different behaviors, particularly in the economic context?
- Financial economics and behavioral finance with the scope of political behaviors and financial markets movements or the asymmetric information in finance leading to the unethical and inefficient behaviors.
- Econometric modeling and machine learning within the fields of finance, cryptocurrency finance, sustainable finance, energy finance, and energy economics; the financialization of commodity markets and connectedness to stock and fixed-income markets; and volatility forecasting with application in financial risk management and portfolio optimization.
